Cannabis Community Education

Objective

[Leaf411](#) schedules virtual and on-site events to provide cannabis education sessions presented by a Leaf411 nurse. Educational material will include information about cannabis and hemp with several levels of complexity depending on the audience. Education includes information on how to access Leaf411 nurse guidance services.

Leaf411 will share a brief introduction to a vetted brand or dispensary that supports our mission and who has sponsored the event to help offset costs.

Proposal

[Leaf411](#) will provide Cannabis Education Events for Audiences that may include: Older Adult Communities, Skilled Care Facilities, Patients, Staff, Families, and Caregivers.

Examples of topics below will be edited to appeal to each audience.

- ★ Introduction to Leaf411
 - Why talk with a cannabis nurse
- ★ Cannabis 101
 - Overview of cannabis and hemp plant
 - What is the endocannabinoid system (ECS)
 - Review of conditions that may be helped by cannabis or hemp
 - Overview of major and minor cannabinoids, ratios, & effects
 - Routes of administration
 - Potential for dose-related side effects and medication interactions
- ★ Leave behind material
 - Copy of presentation (digital)
 - Leaf411 Education Handbook (digital) (option to purchase hard copies)
 - Information on how to schedule a call with a Leaf411 nurse
 - Information from sponsoring brand*
